Preparing Your Dissertation to Submission to JVBB

- Rename the title (can be similar but reword it).
- Condense the paper to approximately (30-40 double-spaced pages or 3,000-8,000 words, including reference page).
- Make changes to the first half of the paper (Introduction up to the Results section).
 - Add new citations and references
 - Reword and add new sentences
- No need to make changes to the Results to Conclusion section since the results don't change.
- Follow all guidelines for formatting and submission on the JVBB website:
